DESIGN TO GROW

New arrivals: products and colours inspired by the latest trends

Add tranquillity, style and simplicity to your garden or patio with these Scandinavian-inspired planters, characterised by clean lines, minimalist forms and a timeless appearance.

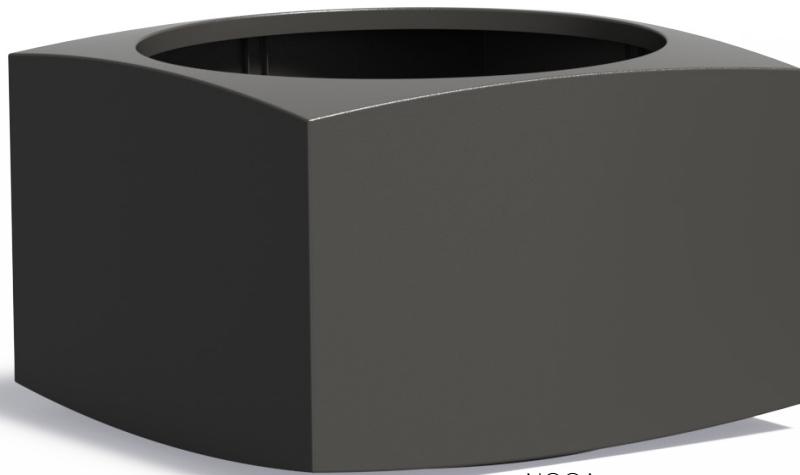

NEW COATING, ENDLESS POSSIBILITIES

Our new trend selection is here to bring your garden to life. From soft, natural shades to bold colours.

Each shade is designed to enhance your unique style. Be inspired by our contemporary palettes and give your surroundings a personal touch.

FAMILY: NOOA | ROHIN | VELIS

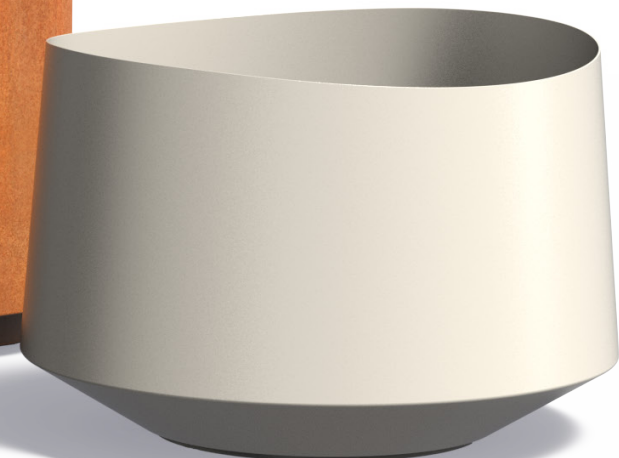

MATERIAL: Aluminium | Corten steel

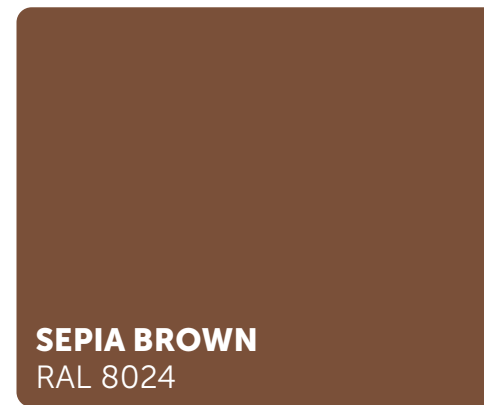

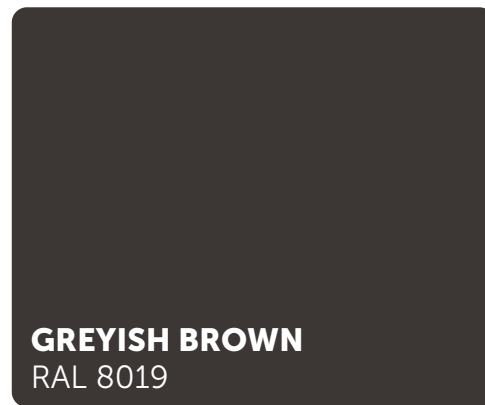

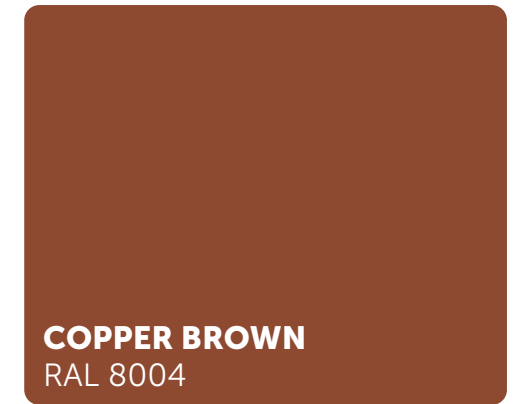

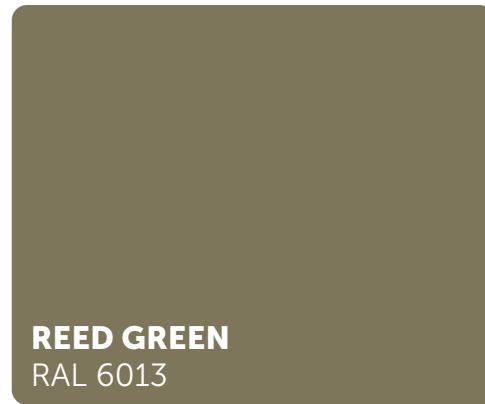

NOOA

ROHIN

VELIS

Note! The colours shown may differ from the actual colours. Use a colour fan to determine the correct RAL shades.

Metallic colours

These warm metallic colors add an extra dimension to the green outdoors, but also look great indoors. Each light incidence gives a unique reflection on this special powder coating, which uses metallic flakes. These metallic flakes provide a glossy, luxurious finish to products and create a warm, modern look. The metallic coating is available in gold, copper, and bronze.

For an extra unique effect, the vintage finish is an excellent choice. This vintage coating consists of a two-tone metallic, where a flamed pattern is applied by hand in the powder coat studio. The special finish gives a distinctive look with deep effects and warm colors. By manually applying the flakes, each item is unique. The vintage metallic coating is also available in gold, copper, and bronze.

Note! The colours shown may differ from the actual colours.

CARREZ

This planter with right angles belongs in gardens with clean lines. The sleek double-set edge finish gives it more body. The CARREZ is also very useful as a partition in restaurants and cafés.

SHAPE: Square | Rectangle | L-shaped

MATERIAL: Aluminium | Corten steel | Coated steel | Hardwood | Fibreglass

CIRCUM

The CIRCUM planter is characterised by its round shape. This cylindrical planter brings even more life to gardens!

MODEL: With bottom | Without bottom | With wheels | With feet | in-lite ready

MATERIAL: Aluminium | Corten steel | Fibreglass

ELLIPSE

The ELLIPSE has a beautiful curve. With its natural shape, this planter gives the garden an elegant look.

MODEL: With bottom | Without bottom

MATERIAL: Aluminium | Corten steel | Fibreglass

TRIANGLE

The TRIANGLE is a triangular planter, as the name suggests. Thanks to its specific geometric shape, it is very suitable for filling difficult spaces in the garden in various playful compositions. Or to simply fill an internal corner with greenery.

MATERIAL: Corten steel

Conical & tapered

The tapered and conical shapes of these planters create a sleek and contemporary design. The slim, tapered model is perfect for front gardens and patios. A stylish way to add more greenery to your garden.

FAMILY: TAP | TUBE | CONIC

MODEL: With bottom | With feet

MATERIAL: Aluminium | Corten steel | Coated steel | Hardwood | Fibreglass

Wooden planters

Wooden planters bring a natural atmosphere to the garden. Made of sustainable wood and bamboo, these planters are suitable for various plant species.

Walls

Garden walls provide more privacy and structure. A strong and low-maintenance solution with a modern look.

MATERIAL: Aluminium | Corten steel | Fibreglass

Letterboxes

Want your deliveries to arrive safely and hassle-free? Our letterbox is the perfect solution! Durable, weatherproof and with a sleek design, ADEZZ letterboxes suit any home. Easy to use and offering enough space for your post or parcel without it lying around. Choose a reliable letterbox that is both functional and an eye-catcher.

PARCEL LETTERBOX

The parcel mailboxes are equipped with a handy hatch that fits your parcel effortlessly. The delivery person places the parcel in the hatch and as soon as it is closed, the parcel slides down safely. The top of the letterbox closes automatically. Because of the handy lock in the door, you can pick up your parcel when it suits you.

Socles

The pedestal gives the garden even more allure. This pedestal, on which a statue or fire bowl is usually placed, can also be used outside the garden. For example, in galleries or other public spaces, the pedestal creates a pleasant appearance.

MODEL: With seat | Standard | U-Shape

MATERIAL: Aluminium | Corten steel

Stairs

Our staircase combines beautifully with other corten steel or aluminium elements in the garden. This stylish staircase, which easily bridges differences in height in the garden, gives every green outdoor space a very attractive look.

MATERIAL: Aluminium | Corten steel

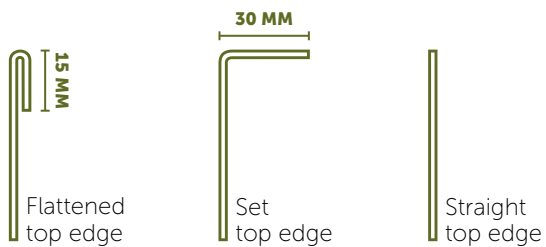

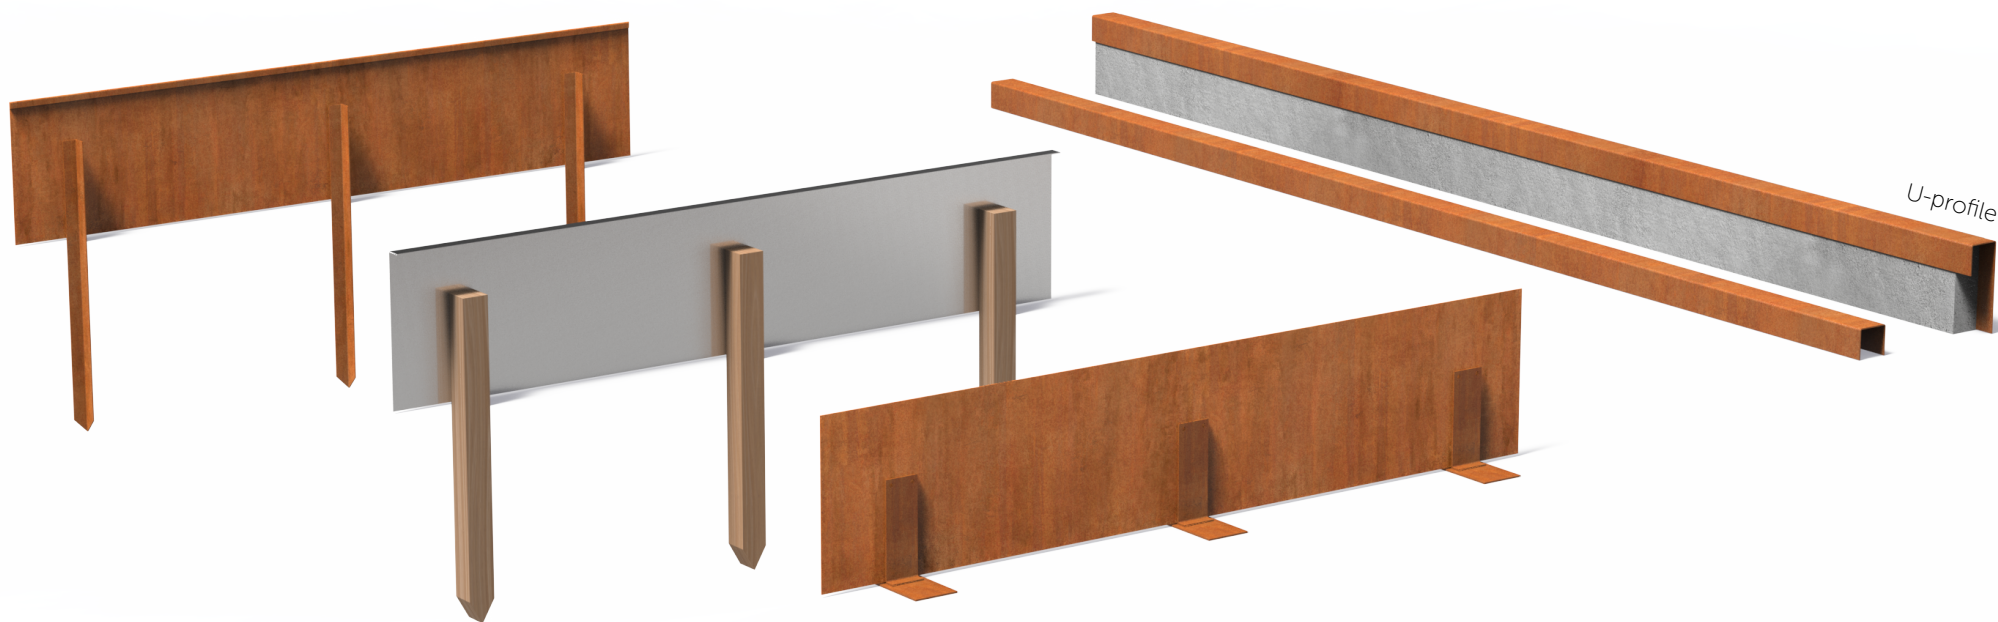

Edging & U-profile

With our edging and U-profiles, you can easily create borders, gravel paths and lawn edges in any garden. The edging and U-profiles can be used for many purposes. They combine beautifully with other elements made of the same material, allowing you to create unity in the garden.

- FAMILY:** U-profiles | Edging
- MODEL:** Flattened top edge | Set top edge | Straight top edge | U-profile
- MATERIAL:** Corten steel | Galvanised steel
- EDGING PEGS:** Corten steel | Wood | Corten steel roof terrace

Retaining walls

ADEZZ retaining walls are the perfect solution for separating lawns, borders or paving. They can also be used as planters. The retaining wall with a wide top edge has the additional option of adding a seat. This makes it easy to create extra seating in the garden or outdoor space.

- MODEL:** Narrow top edge | Wide top edge | REVERT
SEAT: Straight seat | Folded-over seat | REVERT seat
SHAPE: Straight | Outside curve | Inside curve | Outside corner | Inside corner
MATERIAL: Aluminium | Corten steel | Coated steel
